

GIANG TONG BUI

Hanoi, Vietnam | 0343220517 | Email | LinkedIn | Portfolio | Writing Portfolio | GitHub

Summary

Learning and Development practitioner with experience designing training programs and e-learning content across corporate, educational, and media settings. Skilled in instructional design, multimedia production, LMS-based learning support, and AI-integrated learning tools. My work focuses on turning learner needs into practical, engaging, and measurable learning experiences.

Education

Hanoi University of Science and Technology (HUST)

Bachelor of Science in Educational Technology | GPA: 3.45/4.0

Hanoi, Vietnam | 2022 - 2026

Experience

Lisburn Academy (International education company)

August 2025 - January 2026

Instructional designer

Hanoi, Vietnam

- Diagnosed learning needs by collecting and analyzing student baseline data to propose personalized learning pathways for individual learners.
- Created instructional slide decks and detailed Excel tracking roadmaps to monitor learning progress for a group of 10 students requiring foundational remediation.

VTV (Vietnam National Television)

February 2025 - August 2025

Learning content developer

Hanoi, Vietnam

- Drafted educational broadcast scripts for the VTV7 channel, integrating content into the educational television program workflow.
- Collaborated with the production team using professional filming equipment to develop educational content, contributing to a major television program on the channel.

HUSCO - S3 JSC (Vietnam National University)

June 2024 - December 2024

E-learning developer (part-time) | [Sample lecture video](#) 

Hanoi, Vietnam

- Produced and edited 2nd-grade science lecture videos using CapCut across 2 academic semesters, and wrote digitization scripts to improve remote learning accessibility.
- Co-organized STEM events at international schools including Marie Curie and led end-to-end coordination of the "International Drone Coding Competition 2024" with FKA Korea, managing nearly 200 contestants from 4 countries.

TEKY Academy

June 2023 - December 2023

Teaching assistant (part-time)

Hanoi, Vietnam

- Supported learner engagement and performance in programming classes for elementary students, maintaining structured interaction and proactive follow-up.
- Managed and coordinated 2 classes with over 40 students, maintaining an effective LMS-based learning environment and identifying learners who needed additional support.

Edulive Global Joint Stock Company

June 2022 - September 2022

Learning experience design intern

Hanoi, Vietnam

- Digitized educational materials by converting approximately 3 presentations per day into interactive e-learning modules on the Edulive platform.
- Optimized lesson interactivity by integrating multimedia elements based on interaction models and learner preference data.

Projects

Tutor management web application | *AI integration, PWA, Firebase* | github.com/giangxinh05/yuri-tutor

- Built a mobile-first PWA for private tutors to manage lesson reports, student progress tracking, auto-calculated billing, and parent communication through Firebase Realtime Database.
- Integrated Anthropic API for AI-powered student progress analysis, automated report generation, VietQR payment, and PDF export, estimated to reduce administrative and parent communication time by up to 70% based on workflow comparison.

VR/AR language link training program | *Instructional design, VR/AR*

- Redesigned a staff training program for Language Link by integrating VR 360 technology and ThingLink into the learning experience across a structured 9-step instructional design process.
- Deployed a virtual reality training module adopted by the center, with post-training survey data indicating a 33% reduction in self-reported training time compared with the previous program.

Real-time Emotion Tracking Robot System | *Team leader, gPBL program* | [Project slides](#)

- Led a multidisciplinary international student team in the Global Project-Based Learning (gPBL) program at Shibaura Institute of Technology to build a real-time emotion tracking robot.

- Coordinated hardware and software integration addressing real-time classroom interaction and lecture quality evaluation, reducing manual assessment time for teachers.

Tellstory | *EdTech & L&D blog* | tellstory-blog.web.app

- Author and maintain a bilingual (Vietnamese/English) EdTech blog covering L&D strategy, AI in training design, spaced repetition algorithms, and LMS landscape analysis.
- Produce long-form scrollytelling articles combining research synthesis, interactive data demos, and instructional design commentary, with 7 published pieces across topics including corporate training, AGI implications for L&D, and adaptive learning algorithms.

Leadership & Extracurricular

EdTech Innovation Club

2021 - 2023

Vice president

HUST

- Led content creation for the club's fanpage, growing the audience organically to 2,000 followers.
- Organized multiple STEM events and scientific research activities to promote academic engagement among university students.

Faculty of Educational Technology

2021 - 2022

Outstanding Officer (Awarded by the Dean)

HUST

- Actively contributed to school-level STEM initiatives and scientific research, receiving a certificate of merit for outstanding leadership.

Skills & Languages

Languages: Vietnamese (native), English (C1), Japanese (JLPT N4)

Instructional Design & L&D: Instructional design, e-learning development (SCORM), training program coordination, learner support & facilitation, educational content writing, multimedia production, event planning

Tools & Platforms: Moodle LMS, LMS administration, CapCut, SPSS, Google Workspace, Microsoft Office

Learning Technology Prototyping: HTML, CSS, JavaScript, React, TypeScript, Firebase, PWA prototyping
