

BUI TONG GIANG

Hanoi, Vietnam | 0343220517 | Email | LinkedIn | Portfolio | Writing Portfolio | GitHub

Summary

Learning and Development practitioner with 3+ years designing training programs and e-learning content across corporate, educational, and media settings, with hands-on experience in instructional design, multimedia production, and AI-integrated learning tools.

Education

Hanoi University of Science and Technology (HUST)

Bachelor of Science in Educational Technology | GPA: 3.45/4.0

Hanoi, Vietnam | 2022 - 2026

Experience

Lisburn Academy (International education company)

August 2025 - January 2026

Instructional designer (part-time)

Hanoi, Vietnam

- Diagnosed learning needs by collecting and analyzing student baseline data to propose personalized learning pathways for individual learners.
- Created instructional slide decks and detailed Excel tracking roadmaps to monitor learning progress for a group of 10 students requiring foundational remediation.

VTV (Vietnam National Television)

February 2025 - August 2025

Learning content developer (part-time)

Hanoi, Vietnam

- Drafted educational broadcast scripts for the VTV7 channel, integrating content into the educational television program workflow.
- Collaborated with the production team using professional filming equipment to develop educational content, contributing to a major television program on the channel.

HUSCO - S3 JSC (Vietnam National University)

June 2024 - December 2024

E-learning developer (part-time) | [sample lecture video](#) 

Hanoi, Vietnam

- Produced and edited 2nd-grade science lecture videos using CapCut across 2 academic semesters, and wrote digitization scripts to improve remote learning accessibility.
- Co-organized STEM events at international schools including Marie Curie and led end-to-end coordination of the “International Drone Coding Competition 2024” with FKA Korea, managing nearly 200 contestants from 4 countries.

TEKY Academy

June 2023 - December 2023

Teaching assistant (part-time)

Hanoi, Vietnam

- Supported learner engagement and performance in programming classes for elementary students, maintaining structured interaction and proactive follow-up.
- Managed and coordinated 2 classes with over 40 students, maintaining an effective LMS-based learning environment and identifying learners who needed additional support.

Edulive Global Joint Stock Company

June 2022 - September 2022

Learning experience design intern

Hanoi, Vietnam

- Digitized educational materials by converting approximately 3 presentations per day into interactive e-learning modules on the Edulive platform.
- Optimized lesson interactivity by integrating multimedia elements based on interaction models and learner preference data.

Projects

Tutor management web application | AI integration, PWA, Firebase | github.com/giangxinh05/yuri-tutor

- Built a PWA for private tutors to manage lesson reports, student progress tracking, auto-calculated billing, and parent communication via Firebase Realtime Database, with no build step and a mobile-first design.
- Integrated Anthropic API for AI-powered student progress analysis and automated report generation, with VietQR payment integration and PDF export, reducing time spent on administrative and parent communication tasks by up to 70%.

VR/AR language link training program | Instructional design, VR/AR

- Redesigned a staff training program for Language Link by integrating VR 360 technology and ThingLink into the learning experience across a structured 9-step instructional design process.
- Deployed a virtual reality training module adopted by the center, reducing employee training time by 33% based on post-training survey data comparing self-reported time against the previous program.

Real-time Emotion Tracking Robot System | Team leader, gPBL program | [slides](#)

- Led a multidisciplinary international student team in the Global Project-Based Learning (gPBL) program at Shibaura Institute of Technology to build a real-time emotion tracking robot.
- Coordinated hardware and software integration addressing real-time classroom interaction and lecture quality evaluation, reducing manual assessment time for teachers.

Tellstory | *EdTech & L&D blog* | tellstory-blog.web.app

- Author and maintain a bilingual (Vietnamese/English) EdTech blog covering L&D strategy, AI in training design, spaced repetition algorithms, and LMS landscape analysis.
- Produce long-form scrollytelling articles combining research synthesis, interactive data demos, and instructional design commentary, with 7 published pieces across topics including corporate training, AGI implications for L&D, and adaptive learning algorithms.

Leadership & Extracurricular

EdTech Innovation Club

2021 - 2023

Vice president

HUST

- Led content creation for the club's fanpage, growing the audience organically to 2,000 followers.
- Organized multiple STEM events and scientific research activities to promote academic engagement among university students.

Faculty of Educational Technology

2021 - 2022

Outstanding Officer (Awarded by the Dean)

HUST

- Actively contributed to school-level STEM initiatives and scientific research, receiving a certificate of merit for outstanding leadership.

Skills & Languages

Languages: Vietnamese (native), English (C1), Japanese (JLPT N4)

Instructional & Content: Instructional design, e-learning development (SCORM), LMS administration, educational content writing, multimedia production, learner support & facilitation, training program coordination, event planning

Tools & Platforms: Moodle LMS, CapCut, SPSS, Google Workspace, Microsoft Office

Development: HTML, CSS, JavaScript, React, TypeScript, Firebase
